The First International Gathering of Adult Opposite Sex Twins

Saturday 22nd & Sunday 23rd September 2012

Welcome to this ground-breaking international gathering for adult opposite sex twins. Through creative methods, we will explore what it means to be an opposite sex twin. We anticipate that the participants will be enriched by meeting with each other.

Led by:

Dr Olivia Lousada

Author of 'Hidden Twins' in collaboration with

Richard Oliver

They are members of the
London Psychodrama Network

Outline of Programme

- Saturday morning - Introductions and meeting together
- Saturday afternoon - Exploring twin ship connections
- Sunday morning - Discussion groups
- Sunday afternoon - Reviewing this experience

Requirements

No experience or skill is required to attend. This event is open to any adult opposite sex twin (18+) with or without your twin in person. You are invited to bring photos of you and your twin.

There are twin festivals worldwide that are attended by same sex twins. It seemed time to create an event for adult opposite sex twins.

Olivia's book 'Hidden Twins' reveals some of the relationship experiences unique to opposite sex twins and how these may pervade aspects of adult relationships, lives and careers. We expect this event to create a space for further exploration and learning together.

We look forward to meeting you.
